The Honorable Douglas E. Arpert
United State Magistrate Judge
Clarkson S. Fisher Federal Building and U.S. Courthouse
402 East State Street
Trenton, New Jersey 08608

Subject: ***Granillo v. FCA US LLC , et al.***
Civil Action No: 3:16-cv-00153-FLW-DEA

Dear Judge Arpert:

We are lead counsel for Plaintiffs Albert Granillo and Desiree Nava and the proposed Class. The Court previously granted our request for a short stay for filing the motion for preliminary approval from December 21, 2017 to January 8, 2018. (See Order Granting Extension [Dkt, No. 80].)

Since our request, Plaintiffs and Defendant FCA US LLC have continued to work diligently toward finalizing the terms of the class action settlement agreement, with Plaintiffs' counsel providing revised drafts of the long-form settlement and companion documents to Defendant's counsel. The parties expect that it will take several additional weeks to finalize all documents and secure clients' signatures. Accordingly, the parties request that the Court enter a new order setting January 24, 2018 as the date for Plaintiffs to file the motion for preliminary approval. Defendant consents to this new date.

Thank you for your consideration of this request.

Respectfully Yours,

A handwritten signature in black ink, appearing to read "Jordan L. Lurie".

Jordan L. Lurie
Counsel for Plaintiffs and the Class
